Consolidated financial statements December 31, 2017

## Independent auditors' report

## To the Directors of Vancouver Airport Authority

We have audited the accompanying consolidated financial statements of **Vancouver Airport Authority**, which comprise the consolidated statement of financial position as at December 31, 2017, and the consolidated statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of **Vancouver Airport Authority** as at December 31, 2017, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

## 1. Operations

The Vancouver Airport Authority [the "Airport Authority"] is incorporated under the *Canada Not-for-profit Corporations Act.* The Airport Authority is governed by a Board of Directors [the "Board"], with nine members appointed by the Government of Canada and various government and professional bodies, up to five directors appointed by the Board from the community at large, and one seat on the Board held by the President and CEO of the Airport Authority.

The Airport Authority operates the Vancouver International Airport [the "Airport"] pursuant to a lease of most of Sea Island, Richmond, British Columbia, from the Government of Canada [the "Ground Lease"].

The Airport Authority has four wholly owned subsidiaries:

- Vancouver Airport Enterprises Ltd. ["VAEL"] holds a 100% investment in YVR Project Management Ltd. ["YVRPM"], which provides capital project management and consulting services to affiliated and nonaffiliated entities. VAEL previously held a 50% equity interest in Vantage Airport Group Ltd. ["Vantage"], which invests in and manages a number of airports across Canada and around the world [note 6].
- Vancouver Airport Authority (Hong Kong) Ltd. ["YVRHK"] is a Hong Kong domiciled company that provides various marketing and support services to promote the Airport Authority as a premier passenger and air cargo hub for Asian customers.
- Vancouver Airport Enterprises (Templeton) Ltd. ["VAEL Templeton"] holds the Airport Authority's 50% investment in the Templeton DOC Limited Partnership ["DOC Partnership"], which has developed a retail designer outlet centre ["DOC"] on Sea Island.
- Vancouver Airport Properties Ltd. ["VAPL"] holds a 0.1% interest in and manages the following partnerships:
  - Vancouver Airport Property Holding LLP ["VAPH"] VAPH's purpose is to hold the leasehold interest from the Airport Authority. The Airport Authority holds the other 99.9% interest in VAPH.
  - Vancouver Airport Property Management LLP ["VAPM"] VAPM is the limited liability partnership that owns and operates multi-tenanted buildings on Sea Island. VAPH holds the other 99.9% interest in VAPM.

## 2. Significant accounting policies

### Presentation and basis of accounting

These consolidated financial statements are prepared in accordance with Canadian generally accepted accounting principles and include the results of the Airport Authority's wholly owned subsidiaries and partnership interests. All intercompany transactions and balances have been eliminated on consolidation.

The Airport Authority prepares its consolidated financial statements in accordance with Part III of the CPA Canada Handbook – Accounting, "Accounting Standards for Not-for-Profit Corporations".

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

#### Inventory

Inventory is valued at the lower of weighted average cost and net realizable value. Weighted average cost includes the purchase price, import duties, other net taxes, transportation, handling and other costs directly attributable to acquisition. Net realizable value is the estimated current replacement cost.

#### Partnership interests

The Airport Authority accounts for its partnership interests using the equity method. The Airport Authority's share of its partnership net income is recorded in the consolidated statement of operations.

#### **Borrowing cost**

Interest on debt is recognized as an expense in the period in which it is incurred.

#### Capital assets

Capital assets are recorded at cost less accumulated amortization. The cost includes the purchase price and other acquisition and construction costs such as installation costs, design and engineering fees, legal fees, survey costs, site preparation, transportation charges, labour, insurance and duties. Software that is an integral part of the related hardware is capitalized to the cost of computer equipment and systems and included in capital assets. The costs included in construction-in-progress are capitalized during the construction phase and are not amortized. Upon completion of the project, the assets will be allocated to the respective capital asset classes and amortized at the rates provided in the table below. The art collection is considered to have a permanent value and is not amortized.

Amortization is provided at cost less estimated salvage value on a straight-line basis over the estimated useful lives as follows:

Buildings and other structures	5 to 40 years
Runways and other paved surfaces	3 to 30 years
Rapid transit infrastructure	50 years
Machinery and equipment	5 to 15 years
Furniture and fixtures	5 to 15 years
Computer equipment and software	3 to 10 years

#### **Deferred revenue**

Deferred revenue represents payments received in advance from tenants and operators, which are deferred and recognized over the terms of the related agreements.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

#### **Revenue recognition**

Revenue is recognized when the amount to be received is fixed or can be reasonably estimated, delivery has occurred, and collection is reasonably assured as follows:

- [i] Aeronautical charges, which consist of landing and terminal fees, are generally recognized as revenue when airport facilities are utilized.
- [ii] Concession revenue is recognized based on a percentage of reported concessionaire sales and/or specified minimum annual guarantees. Specified minimum annual guarantee amounts and incentives for lessees to enter into lease agreements are recognized on a straight-line basis over the lease term.
- [iii] Revenue from the Airport Improvement Fee ["AIF"], which is collected from passengers by air carriers, is recognized based on monthly passenger numbers submitted by individual air carriers.
- [iv] Car parking revenue is recognized when airport facilities are utilized.
- [v] Rental revenue is recognized on a straight-line basis over the term of the respective agreements. Revenue from rental arrangements classified as direct finance leases is recognized over the term of the lease in order to reflect a constant periodic return to the Airport Authority's net investment in the finance lease.
- [vi] Contributions are accounted for using the deferral method as follows:

Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Contributions received to offset specific operating costs are deferred and recorded as revenue when the related costs are incurred.

Contributions received and designated by third parties for specific capital purposes are deferred and recorded as revenue on a basis consistent with the amortization of the related capital assets.

#### Ground lease expense

The ground lease expense is based on a progressive scale of percentages of the Airport Authority's revenue as defined in the Ground Lease and is charged to operations.

The Airport Authority does not receive title to the underlying parcels of land; therefore, the Ground Lease has been accounted for as an operating lease.

## **Dividend income**

Dividend income is recorded when the dividend is declared and collection is reasonably assured.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

#### Taxes

Income arising from the operation of the Airport Authority is exempt from federal and provincial income taxes under the Airport Transfer (Miscellaneous Matters) Act.

A payment in lieu of taxes is made for municipal services and is based on the municipality's rates applied to the assessment of property values.

Operations of each subsidiary are subject to taxes in the jurisdictions in which the subsidiaries operate and recorded in payments in lieu of taxes, insurance and other. Taxes in these entities are measured using the future income taxes method.

#### Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all of the risks and rewards of ownership to the lessee. All other leases are classified as operating leases. Operating lease payments are recognized as an expense on a straight-line basis over the term of the lease.

### **Employee future benefits**

The Airport Authority has a contributory defined benefit pension plan that covers employees of the Airport Authority who, immediately prior to joining the Airport Authority, were employees of the Federal Public Service; a defined contribution plan that covers new employees who have joined the Airport Authority since June 1992; and unfunded supplemental plans that cover its senior executives.

### Defined benefit pension plans

The Airport Authority accrues its obligations under defined benefit pension plans as the employees render the service necessary to earn the employment benefits.

The Airport Authority measures its accrued benefit obligations and the fair value of plan assets as at December 31 of each year, using the most recent funding valuation for the defined benefit pension plan, adjusted to remove the margin for adverse deviation from the discount rate. The most recent actuarial valuation of the defined benefit pension plan for funding purposes was as of December 31, 2016. The next valuation for funding purposes will be as of December 31, 2017, the results of which are expected to be available during 2018.

The actuarial determination of the accrued benefit obligations for pensions and other retirement benefits uses the projected accrued benefit cost method prorated on service. Obligations for the pension plans are calculated using the assumptions from the actuarial funding valuation including an estimate of future salary levels, pension indexing, retirement ages of employees, and other actuarial factors. Obligations for the non-pension benefit plan are calculated using assumptions that incorporate management's best estimate of cost escalation, retirement ages of employees, and other actuarial factors.

For the purpose of calculating the expected return on plan assets, those assets are valued at fair value at the reporting date.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

Remeasurements, which include settlement and actuarial gains and losses, arise from the difference between actual long-term rate of return on plan assets for a period and the expected long-term rate of return on plan assets for that period, differences in demographic and economic experience compared to expectations, or from changes in actuarial assumptions used to determine the accrued benefit obligation. These remeasurements are recognized directly in net assets and presented separately.

Past service costs arising from plan amendments are recognized immediately on the consolidated statement of operations.

#### Defined contribution benefit plans

The Airport Authority records contributions to defined contribution benefit plans as an expense, which is included in salaries, wages and benefits expense as services are rendered.

#### **Financial instruments**

#### Recognition and measurement

The Airport Authority recognizes a financial asset or financial liability when the entity becomes a party to the contractual provisions of the financial instrument.

At initial acquisition, financial assets or financial liabilities acquired or assumed in an arm's length transaction are measured at fair value, adjusted for directly attributable financing fees and transaction costs if the instrument is subsequently measured at cost or amortized cost.

The following is a summary of the Airport Authority's financial instruments that are subsequently measured at cost or amortized cost: cash, accounts receivable, other receivables, accounts payable and debentures.

#### Financing costs

The Airport Authority capitalizes all transaction costs relating to the acquisition of financing as an offset to the related debt and amortizes the costs to interest expense using the effective interest rate method over the term of the underlying debt.

### Translation of foreign currencies

The Airport Authority records foreign currency denominated transactions in Canadian dollars at exchange rates in effect at the time of the transactions. Monetary items denominated in foreign currencies are translated to Canadian dollars at the rate of exchange in effect at the consolidated statement of financial position date. Foreign exchange gains and losses are included in the results of operations in the period in which they occur.

Integrated foreign subsidiary YVRHK's monetary assets and liabilities are translated into Canadian dollars at the year-end exchange rate. Revenue and expenses are translated at average exchange rates for the year. Foreign exchange gains or losses are recorded on the consolidated statement of operations.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

#### Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period. Significant areas requiring the use of management estimates relate to the determination of accrued revenue, allowance for doubtful accounts, percentage of completion for construction-in-progress, useful lives for amortization of capital assets, accrued liabilities, assumptions with respect to defined benefit plans, and provisions for contingencies. Actual results could differ materially from those estimates.

### 3. Accounts receivable

[a]	2017	2016
	\$	\$
Current	36,998	31,495
31 – 60 days past due	2,685	3,372
61 – 90 days past due	2,770	871
90+ days past due	3,190	2,204
Allowance for doubtful accounts	(590)	(552)
	45,053	37,390
[b]	2017	2016
	\$	\$
Allowance for doubtful accounts, beginning of year	552	545
Increase in allowance for doubtful accounts	231	7
Write-off of specific accounts	(193)	
Allowance for doubtful accounts, end of year	590	552

## 4. Net investment in lease

During 2002, the Airport Authority acquired a cargo facility for cash consideration of \$11,254,000, which was then leased back to the vendor under an agreement expiring September 30, 2019. The Airport Authority's net investment in the direct financing lease consists of the following:

	<b>2017</b> \$	<b>2016</b> \$
Minimum lease payments receivable Unearned income	3,313 (400)	5,167 (868)
	2,913	4,299
Less current portion	1,602	1,386
	1,311	2,913

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

As at December 31, 2017, the future minimum lease payments receivable under the direct financing lease are as follows:

	\$
2018 2019	1,882
2019	1,431
	3,313

## 5. Inventory

At December 31, 2017, the Airport Authority has a 12,000 [2016 – 754,000] valuation allowance on its inventory. The cost of inventory recognized as materials, supplies and services expense and payments in lieu of taxes, insurance and other during the year ended December 31, 2017 was 8,917,000 [2016 – 6,907,000].

## 6. Investment in Vantage

During 2015, VAEL sold its 50% equity interest in Vantage. On June 15, 2016, as a result of the occurrence of a post-closing event, the Airport Authority received additional proceeds of \$3,000,000.

## 7. Partnership interests

	<b>2017</b> \$	<b>2016</b> \$
DOC Partnership [a]	22,012	19,602
VAPH [b]	12,537	6,690
	34,549	26,292

## [a] DOC Partnership

On May 5 and July 12, 2017, the Airport Authority contributed \$1,139,000 and \$540,000 [2016 – \$1,100,000], respectively, in equity to the DOC Partnership for work related to phase 2A of the DOC. The amounts were recorded as an increase in the partnership interests. To date, the Airport Authority has contributed \$24,237,000 [December 31, 2016 – \$22,558,000] in equity to the DOC Partnership.

For the year December 31, 2017, the Airport Authority recorded partnership income of \$731,000 [2016 – partnership loss of \$730,000] from the DOC Partnership. The amount was recorded as an increase (reduction) in the partnership interests.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

Summarized consolidated statements of financial position, operations and cash flows of the Airport Authority's 50% [2016 – 50%] share of the DOC Partnership as at and for the years ended December 31, 2017 and 2016 are presented below:

	2017	2016
	\$	\$
Assets	77,786	74,140
Liabilities Net assets	<u>(55,774)</u> 22,012	(54,538) 19,602

	<b>2017</b> \$	2016 \$
Cash flows provided by (used in) Operating activities	3,883	758
Financing activities	2,644	6,417
Investing activities	(4,724)	(7,819)

### [b] VAPH and VAPM

For the year ended December 31, 2017, the Airport Authority recorded \$7,004,000 [2016 - \$4,508,000] of partnership income in the consolidated statement of operations based on its partnership interest in VAPH and investment in VAPL. The amount was recorded as an increase in the partnership interests.

In 2017, the Airport Authority received total partnership distributions from VAPH of \$1,157,000 [2016 – \$485,000]. The distribution was recorded as a reduction in the partnership interests.

# Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

Summarized consolidated statements of financial position, operations and cash flows of the Airport Authority's share of VAPH [99.9%], which include equity earnings in VAPM as at and for the years ended December 31, 2017 and 2016, are presented below:

	2017 \$	<b>2016</b> \$

[a] In certain circumstances, the Airport Authority provides lease inducements to tenants. These lease inducements are recorded as long-term assets and recognized, on a straight-line basis, as a reduction of revenue over the term of the lease. During the year ended December 31, 2017, the Airport Authority

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

provided lease inducements of \$1,107,000 [2016 – \$31,000] to tenants and recognized \$1,885,000 [2016 – \$1,776,000] as a reduction of concession and rental revenue.

In October 2011, the Airport Authority entered into a sublease with a tenant for a parcel of land on Sea Island. The initial term of the sublease is 40 years with two subsequent renewal options of 10 years each at the option of the tenant. The sublease has been classified as an operating lease, with rental revenue being amortized evenly over the initial term of the sub-lease. As at December 31, 2017, the cumulative difference between the rental income recognized and cash lease payments received is 9,319,000 [2016 – 8,546,000].

[b] In June 2008, the Airport Authority acquired a leasehold interest on Sea Island for \$4,640,000, which included the estimated cost of decommissioning and demolishing the existing building on the land. Accordingly, the Ground Lease with Transport Canada was amended to include this additional site.

The leasehold interest is being amortized over the remaining term of the Ground Lease. For the year ended December 31, 2017, the amortization of the leasehold interest was \$71,000 [2016 – \$72,000].

### 10. Line of credit

The Airport Authority has an unsecured bank operating line of 250,000,000 [2016 – 250,000,000] bearing interest at the bank prime rate, which was 3.20% as at December 31, 2017 [2016 – 2.7%], or at prevailing market interest rates if issuing bankers' acceptances. The unsecured bank operating line remained undrawn as at December 31, 2017 [2016 – nil].

	2017	2016
	\$	\$
Unsecured bank operating line	250,000	250,000
Outstanding letters of credit, reducing available balance [note 16[a]]	19,128	14,694
Available unsecured bank operating line	230,872	235,306

## 11. Accounts payable and accrued liabilities

Included in accounts payable and accrued liabilities are government remittances payable, which include amounts payable for sales, parking and payroll related taxes, as well as ground lease payments to Transport Canada.

	<b>2017</b> \$	2016 \$
Transport Canada [note 17[a]]	4,672	1,319
TransLink	667	576
Canada Revenue Agency	289	355
	5,628	2,250

## 12. Debentures

	2017	2016
	\$	\$
Debentures	545,638	544,719
Current portion		
Series D 4.424%, due December 7, 2018	200,000	_
Less unamortized deferred financing costs	752	—
	199,248	_
Long-term portion		
Amended Series B 7.425%, due December 7, 2026	150,000	150,000
Series D 4.424%, due December 7, 2018	—	200,000
Series F 3.857%, due November 10, 2045	200,000	200,000
	350,000	550,000
Less unamortized deferred financing costs	3,610	5,281
	346,390	544,719

The Amended Series B debentures are issued under the Trust Indenture dated December 6, 1996 and amended under the Supplemental Indentures dated December 7, 2006 and October 5, 2015. The Series D debentures are issued under the Supplemental Indenture dated December 7, 2006 and amended October 5, 2015. The Series F debentures are issued under the Supplemental Indenture dated November 10, 2015.

The effective interest rates on the Series B, D and F debentures are 7.668%, 4.814%, and 3.895%, respectively. As at December 31, 2017, the Airport Authority has accrued debenture interest of \$2,440,000 [2016 – \$2,440,000], which is recorded in accounts payable and accrued liabilities.

The debentures are direct, unsecured and subordinated obligations of the Airport Authority. Interest is payable semi-annually in arrears in June and December for Series B and D and in May and November for Series F. The debentures are redeemable at the option of the Airport Authority, in whole or in part, at any time. For the Series B and D debentures, the redemption price is the higher of par and that value which would result in a yield to maturity equivalent to that of a Government of Canada bond of equivalent maturity plus a premium. The premium is 0.15% for the Series B debentures and 0.125% for the Series D debentures. For the Series F debentures, the redemption price prior to May 10, 2045 is the higher of par and that value which would result in a yield to maturity equivalent to that of a Government of Canada bond of equivalent maturity plus a premium. The premium is 0.15% for the Series B debentures and 0.125% for the Series D debentures. For the Series F debentures, the redemption price prior to May 10, 2045 is the higher of par and that value which would result in a yield to maturity equivalent to that of a Government of Canada bond of equivalent maturity plus a premium. The premium for these debentures is 0.37%. The redemption price on or after May 10, 2045 is par.

While the debentures are outstanding, the Airport Authority is required to maintain an interest coverage ratio of not less than 1.25:1. Any further new issues of debt with a maturity of 12 months or longer are subject to a minimum interest coverage ratio of 1.75:1 on a pro-forma basis. The Trust Indenture also places certain limitations on the Airport Authority in the areas of encumbrances of assets, sales of assets, acquisitions of corporations, investments and guarantees. As at December 31, 2017 and 2016, the Airport Authority was in compliance with its covenants.

## 13. Deferred capital and operating contributions

### [a] Deferred capital contributions

The Airport Authority receives funding from Canadian Air Transport Security Authority ["CATSA"] towards specific security infrastructure upgrades. The funds received are deferred and brought into revenue as contributions at a rate consistent with the amortization of the related capital assets.

	2017	<b>2016</b> \$
	\$	
Capital contributions		
ĊATSA	136,444	134,651
Other	3,876	3,647
	140,320	138,298
Less accumulated amortization	100,865	94,660
	39,455	43,638
[b] Contributions		
	2017	2016
	\$	\$

Amortization of deferred capital contributions	6,205	6,291
Operating contributions	12	57
	6,217	6,348

### 14. Related party transactions

Related parties include the Board of Directors, key management personnel, subsidiaries and affiliates. The Airport Authority has not engaged in any significant related party transactions with directors and key management personnel for the years ended December 31, 2017 and 2016.

The Airport Authority provides certain administrative support services including information technologies, legal, accounting, and human resources to its subsidiaries for no consideration.

The Airport Authority pays legal, administrative, and salaries and wages expenses on behalf of its subsidiaries in the normal course of operations, which are included in other receivables and are measured at the agreed upon exchange amount. All receivables from subsidiaries are due and payable upon the Airport Authority's demand.

During the year ended December 31, 2017, the Airport Authority recognized \$396,000 [2016 - \$396,000] of rental revenue from the DOC Partnership, which is included in fees and miscellaneous revenue.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

## 15. AIF – use of funds

The AIF is collected on the airline ticket by air carriers under a Memorandum of Agreement ["MOA"] between several Canadian airport authorities, air carriers and the Air Transport Association of Canada. Under the MOA, all AIF revenue collected is to be used to fund capital and related financing costs of airport infrastructure development as jointly agreed with the air carriers.

During the year ended December 31, 2017, the Airport Authority recorded \$158,669,000 [2016 – \$149,746,000] main terminal AIF revenue, and main terminal AIF eligible capital expenditures totalled \$172,629,000 [2016 – \$134,520,000]. The remainder of the AIF revenue is from the south terminal. To December 31, 2017, the cumulative main terminal AIF revenue totalled \$2,011,994,000 [2016 – \$1,853,325,000], and cumulative AIF eligible expenditures totalled \$3,364,109,000 [2016 – \$3,191,480,000]. To December 31, 2017, the cumulative AIF revenue has been used to fund AIF eligible capital expenditures in accordance with the MOA.

## 16. Employee future benefits

### [a] Funded pension plans

### Defined benefit plan

Information regarding the Airport Authority's defined benefit pension plan is as follows:

	<b>2017</b> \$	<b>2016</b> \$
Accrued benefit obligation	52,442	51,556
Fair value of plan assets	73,230	69,293
Accrued benefit asset	20,788	17,737

The accrued benefit asset is included in other long-term assets [note 9].

### Total cash payments

In April 2011, amendments were made to the Pension Benefits Standards Regulations, which permitted plan sponsors to secure structured letters of credit in lieu of making solvency payments to the pension plan, up to a limit of 15% of plan assets. On August 31, 2011, the Airport Authority issued a letter of credit to fund its required solvency payments to its defined benefit plan. As at December 31, 2017, the total amount of the letter of credit was \$8,517,000 [2016 – \$8,296,000], which reduced the available bank operating line *[note 10]*.

Total cash payments for employee future benefits for the year ended December 31, 2017, consisting of cash contributed by the Airport Authority to its funded pension plans [the defined benefit plan and defined contribution plans], were \$3,287,000 [2016 – \$3,130,000].

## [b] Unfunded pension plans

The Airport Authority participates in supplementary plans for its senior executives.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

Pension expense for the year ended December 31, 2017 was \$1,193,000 [2016 – \$1,113,000]. Based on an actuarial report, the total accrued benefit liability of these plans as at December 31, 2017 was \$13,574,000 [2016 – \$12,906,000], which has been accrued in other long-term liabilities.

### [c] Retiring allowance

The Airport Authority provides a retiring allowance to bargaining unit employees based on their number of years of service and their salary at retirement. The accrued benefit liability is determined using an actuarial valuation and as at December 31, 2017, the total accrued benefit liability of this plan is 3,932,000 [2016 – 3,988,000], of which 497,000 [2016 – 528,000] is recorded in accounts payable and accrued liabilities and 3,435,000 [2016 – 3,460,000] in other long-term liabilities.

## 17. Commitments, contingencies and guarantees

### [a] Ground Lease

The Ground Lease governs both the economic and day-to-day relations between the Airport Authority and the Government of Canada for a term ending on June 30, 2072.

The Ground Lease requires that the Airport Authority operate the Airport as a "first class international airport" and that, as the operator, the Airport Authority exercise sound business judgment.

Under the Ground Lease, Transport Canada is required to assume all costs associated with environmental remediation of any noxious or hazardous substance when such substance was present prior to the commencement of the Ground Lease on July 1, 1992. Transport Canada has taken the position that payment is contingent upon the actual issue of a direction from a government agency requiring the clean-up. The Airport Authority is of the view that compliance with the law, the Ground Lease and the general duty to the environment are the tests to determine when an obligation exists. These matters are under active discussion.

Effective January 1, 2010, the ground lease expense is based on a progressive scale of percentages of the Airport Authority's revenue as defined in the Ground Lease. At a minimum, the required monthly payments are based on the immediately preceding year's actual ground lease expense while the expense is calculated as a percentage of current year revenue.

The difference between the Airport Authority's required ground lease payments based on its estimated 2017 Airport Revenue at the beginning of the year and its expenses is \$4,672,000 [2016 – \$1,319,000]. This amount is included in accounts payable and accrued liabilities at December 31, 2017.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

Projected lease payments under the amended Ground Lease for the next five years are estimated as follows:

	\$
2018	60,181
2019	62,113
2020	66,903
2021	84,395
2022	86,630

### [b] Commitments

- [i] As at December 31, 2017, in connection with the construction of certain capital projects, the Airport Authority has capital commitments outstanding of approximately \$65,179,000 [2016 \$16,608,000].
- [ii] As at December 31, 2017, in connection with operating the Airport, the Airport Authority has total operating commitments of approximately \$165,918,000 [2016 \$114,662,000]. These commitments extend for periods of up to five years.
- [iii] On June 21, 2017, the Airport Authority and a third party entered into a 30-year mutually beneficial agreement based on the four pillars of sustainability — economic, social, environmental, and governance. The agreement includes a revenue sharing arrangement whereby the Airport Authority will pay, on an annual basis, to the third party an amount equal to 1% of the Airport Authority's revenue as defined in the agreement.

### [c] Guarantees

- [i] On December 6, 2013, the Airport Authority entered into a payment guarantee agreement as the guarantor for a loan agreement between DOC Partnership and its bank [the "Loan Agreement"]. The Loan Agreement was amended and restated February 26, 2018. The maximum amount of the guarantee is \$24,500,000, and will be reduced for any repayment of the principal amount of the loan made with cash capital contributions to the DOC Partnership directly or indirectly from the Airport Authority which are not proceeds of the collateral securing the loan.
- [ii] On February 18, 2015, the Airport Authority entered into an agreement to irrevocably and unconditionally guarantee the timely payment of the obligations of DOC Partnership to the utility company for electrical services, up to an amount of \$974,800. The agreement remains valid until February 28, 2020 and may be automatically extended without notice for a one-year period, unless the utility company provides notice at least 90 days prior to the expiry that the guarantee is not extended.

#### [d] Legal claims

In the normal course of operations, the Airport Authority becomes involved in various claims and legal proceedings.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

While the final outcome with respect to these claims and legal proceedings cannot be predicted with certainty, management believes that the resolution of these proceedings will not have a material adverse effect on the Airport Authority's financial position or the results of its operations.

As at December 31, 2017, there are no material claims pending against the Airport Authority.

### **18. Customer concentration**

The Airport Authority derives approximately \$50,839,000 [2016 – \$49,433,000] in aeronautical and rental revenue from one airline and \$55,708,000 [2016 – \$49,884,000] in concession and rental revenue from one concession operator. The Airport Authority believes that the cessation of operations of the airline or concession operator would not have a material long-term effect on the Airport Authority's revenue or operations as the lost revenue would eventually be recovered by other service providers.

### 19. Financial instruments - risk management

The Airport Authority primarily has exposure to credit, currency, interest rate and liquidity risk on its financial instruments.

### Credit risk

The Airport Authority is subject to credit risk through its financial assets. Ongoing credit valuations are performed on these accounts and valuation allowances are maintained for potential credit losses. The credit quality of financial assets can be assessed by reference to external credit ratings or historical information about the customer. The Airport Authority held security deposits in the amount of \$2,483,000 as at December 31, 2017 [2016 – \$2,450,000]. An allowance for doubtful accounts is established based upon factors surrounding the credit risk of specific customers, historical trends and other information. The accounts receivable aging and allowance for doubtful accounts reconciliation are detailed in note 3.

The Airport Authority's revenue is dependent on the domestic, transborder and international air transportation industry. Due to this diversification, the concentration of credit risk is considered to be minimal.

### Currency risk

The Airport Authority has minimal transactions denominated in foreign currencies, as the majority of revenue, expenses and capital asset purchases are denominated in Canadian dollars.

### Interest rate risk

The Airport Authority had no bank indebtedness in both 2017 and 2016 either in the form of bankers' acceptances or drawings on the bank operating line [note 10]. The balance of outstanding debt is by way of debentures [note 12], which have fixed interest rates for their term and, therefore, any changes in market interest rates do not impact the Airport Authority's interest payments.

## Notes to consolidated financial statements

[tabular amounts in thousands of dollars]

December 31, 2017

## Liquidity risk

The Airport Authority manages liquidity risk by maintaining adequate cash or available credit facilities. Cash flow projections are continually updated and reviewed by management to ensure a sufficient continuity of funding.

## 20. Supplementary cash flow information

## [a] Changes in non-cash operating working capital

	2017	2016
