Environment Checklist

General

(ENV1)

All FAP applications must include this checklist answering the following questions about the potential environmental effects of the project.

Project Name: _____

Contact Name and phone number: _____

Note: The following questions refer to both the construction and operating phase of the proposed project. If additional space is required, please attach additional sheets and indicate "see attached"

1. Will the project generate any wastewater (e.g., concrete coring, saw cutting, concrete truck wash)? If yes, explain:	Yes	No
2. Will the project require connections or discharges to the sanitary sewer? If yes, explain:	Yes	No
3. Will the project require the use, storage or disposal of hazardous materials or dangerous goods? (e.g., solvents, bulk paints)	Yes	No
4. Will the project require the use or removal of underground or aboveground storage tanks? If yes, please list the volume and contents:	Yes	No
5. Will the project generate construction waste. If yes, what construction waste streams are expected.	Yes	No
6. Will the project result in changes to air quality (e.g., fugitive dust, asbestos or fumes)? If yes, explain:	Yes	No
7. Will the project result in any air emissions or discharges to the outdoor atmosphere (e.g., heating plant, boiler, roof top units, generator)?	Yes	No

8. Will the project result in a temporary or permanent increase in ambient noise levels? If yes, explain:	Yes	No
9. Will the construction project require the use of remote sites (i.e., laydown site, batch plant)? If yes, describe:	Yes	No
10. Does the project involve changes to, or addition of electricity consuming systems (e.g. lighting, cooking equipment, heating/cooling supply, hot water, etc.)?	Yes	No
11. Does this project involve changes to, or addition of natural gas consuming systems (e.g. cooking equipment, heating/cooling supply, hot water, etc.)?	Yes	No
12. If this project involves changes to electricity or natural gas consuming equipment, is the associated consumption expected to increase as compared to the past use baseline? If yes, please provide estimated quantity or percentage	Yes	No
13. Does this project involve changes to, or addition of potable water systems, equipment, or appliances?	Yes	No
14. Does this project result in changes to, or addition of waste & recycling streams generated during operations	Yes	No
